SUMMARY

Over the past two years I have moved from an agent support and social media role at Annuity.com into affiliate performance management, where I now oversee the profitability of a portfolio of lead-generation partners and have helped roughly double its margin. I combine analytical decision making with hands-on technical work, including utilizing AI-integrated tools, and I am comfortable presenting to live audiences through the training and webinars I run on behalf of Annuity.com.

PROFESSIONAL EXPERIENCE

Annuity.com / Financialize.com Gilbert, Arizona (Remote)

Affiliate Performance Manager *February 2026 - Present*

- Brought on to improve affiliate profitability and contributed substantially to the portfolio's turnaround over a five-month period, driven in part by repricing the highest-volume partners onto a tiered CPL model and optimizing other negative and low-margin partners.
- Affiliate portfolio margin improved from roughly 23% to 50%.
- Monthly affiliate ad spend dropped roughly 51%, from about \$172K to \$84K.
- Monthly gross profit grew roughly 63%, from about \$52K to \$85K.
- Return on affiliate spend doubled from 1.3x to 2.0x on a roughly \$85K monthly budget.

Social Media Advisor and Administrative Assistant *September 2024 - February 2026*

- Supported agent operations and administrative work, developing systems and processes that streamlined onboarding, communications, and event coordination.
- Managed agent communications and social media through the GoHighLevel CRM, producing weekly training and event invitations.
- Designed and built an internal agent training center from the ground up, partnering with the technical team on implementation.
- Hosted live trainings and webinars and coordinated guest speakers end to end, developing strong public speaking and presentation ability.
- Leveraged AI-integrated tools such as Claude Code to improve internal and customer-facing workflows.

PROJECTS

ChooseAMovie.app Founder and Developer *2025*

Designed, built, and launched a social web application covering front-end design, hosting, databases, backend systems, and testing. Strengthened my fluency in AI tools throughout the project. Created for a Web Business Creation course.

Small Business Strategy Consulting (BUS 200) Student Consultant *2025*

Advised a Spain-based footwear brand on U.S. market entry as part of a five-person team, leading the retail partnership analysis and contributing to the market entry strategy and final client presentation.

EARLIER EXPERIENCE

Social Media Lead The Church of Jesus Christ of Latter-day Saints, Denver, Colorado *2022 - 2024*

Led regional social media campaigns and trained volunteers on public profile management and media response during a two-year full-time service assignment.

Facility Manager Green Canyon Hot Springs; Lifeguard Instructor, Newdale, Idaho *2018 - 2022*

Managed daily resort operations and staff and certified new lifeguards.

EDUCATION

Brigham Young University-Idaho Rexburg, Idaho

Bachelor of Science in Business Management, Minor in Business Analytics • GPA 3.74

Expected graduation late 2028. Planning to pursue an MBA.
